

**Judy Wise Friday 19<sup>th</sup> March 2010**

## **Expressive Faces**

### **Class Description:**

Bring your paper or canvas and join Judy Wise in a day of painting fun. You'll start right off with a series of exercises geared to break down the wall of resistance when faced with a blank page. Then you'll experiment with ink, paint, monoprint, collage and some unusual approaches to drawing and painting.

This will be a fast moving class with lots of intuitive exploration and risk taking. Each student will complete at least one painting and if time allows, more than one.

No kit fee for this class
