

Susan Lenart Kazmer: Friday 19th March 2010

Objects & Elements

Creating Talisman Jewelry

Challenge the commonly held notions of what is considered jewelry. Gain knowledge of Susan's studio style, tools, and techniques for altering sheet metal and incorporating personal mementos and found objects to create wearable works of art.

Learn metal techniques such as hand hammering, shaping, stamping, finishing, and a variety of oxidizing methods. Learn a variety of appropriate attachments. Individual work and pieces are welcome.
